# Contrast Enhanced Ultrasound and Endovascular Aortic Repair 2018

MUNICH April 16, 2018  
09:00 – 18:00

## 9. International workshop on CEUS and EVAR

## Chairman

**Prof. Dr. med. Dr. h.c. (TSM-Uni.) Dirk-André Clevert;**

*Professor of Radiology, Department of Clinical Radiology, Interdisciplinary Ultrasound-Center, University of Munich (GER)*

## Faculty

**Dr. med. Ramin Banafsche;** *Department for Vascular Surgery, University of Munich (GER)*

**Kim Bredahl, MD;** *Department of Vascular Surgery, Rigshospitalet Copenhagen University Hospital (DNK)*

**Dr. med. Silke Brunkwall;** *Department for Vascular Surgery, University of Cologne (GER)*

**Dr. rer. nat. Christian Greis;** *Bracco Imaging Deutschland GmbH*

**Dr. med. Reinhard Kopp;** *Department for Vascular Surgery, Universitäres Herzzentrum Zürich, UniversitätsSpital Zürich (CH)*

**Priv.-Doz. Dr. med. Georgios Meimarakis;** *Department for Vascular Surgery, Klinikum Landshut, Munich (GER)*

**Dr. med. Giovanna Negro de Figueiredo;** *Department of Clinical Radiology, Interdisciplinary Ultrasound-Center, University of Munich (GER)*

**Prof. Dr. med. Jens Ricke;** *Chairman Department of Clinical Radiology, University of Munich (GER)*

**Priv.-Doz. Dr. Nikolaos Tsilimparis;** *German Aortic Center Hamburg, University Heart Center Hamburg-Eppendorf (GER)*

**Prof. Dr. med. Marcus Treitl;** *Department of Clinical Radiology, University of Munich (GER)*

**Priv.-Doz. Dr. med. Rolf Weidenhagen;** *Department for Vascular Surgery, Klinikum Neuperlach, Munich (GER)*

09:00 – 09:15	Opening remarks <i>J. Ricke / D. A. Clevert</i>
09:15 – 09:45	Basis and principles of enhanced ultrasound <i>C. Greis</i>
09:45 – 10:15	Role of CEUS in imaging pathology of the abdominal aorta <i>D. A. Clevert</i>
10:15 – 10:45	Indications and outcome after endovascular versus open abdominal aneurysm repair and recommendations for follow up examinations after EVAR <i>G. Meimarakis</i>
10:45 – 11:15	Endovascular abdominal stent placement and overview of different types of aortic stentgrafts <i>R. Weidenhagen</i>
11:15 – 11:45	Classifications of Endoleak and follow up after EVAR with CEUS <i>D.A. Clevert</i>
11:45 – 12:15	CEUS in EVAR, practices of daily life <i>S. Brunkwall</i>
12:15 – 13:00	Lunch
13:00 – 13:30	Clinical cases, televoting, discussion

13:30 – 14:00	Comparison between CTA and CEUS for endoleaks <i>K. Bredahl</i>
14:00 – 14:30	EVAR using intraoperative CEUS <i>R. Kopp</i>
14:30 – 15:00	Advanced endovascular techniques in challenging aortic necks <i>N. Tsilimparis</i>
15:00 – 15:30	Coffee Break
15:30 – 16:00	Interventional managing of complications after EVAR <i>M. Treitl</i>
16:00 – 16:30	Interventional managing of complications after EVAR with the aid of CEUS <i>D.A. Clevert</i>
16:30 – 17:00	Live examination in the follow up after EVAR <i>G. Negro de Figueiredo</i>
17:00 – 17:30	Challenging aortic endografts in the fenestrated and multi-branch era - complex and multistage cases and implications for surveillance <i>R. Banafsche</i>
17:30 – 17:45	Difficult and rare vascular cases with CEUS <i>D.A. Clevert</i>
17:45 – 18:00	Questions and closing of the session
