

RÖKO DIGITAL HIGHLIGHT Day „Interventional Oncology solutions“

Saturday, September 19th 2020

Dear ladies and gentlemen,

Covid-19 changed our everyday live in all its aspects.

Our society took up the challenge and developed RÖKO DIGITAL:

From May 21st to November 14th we bring radiology to your screen: This includes already familiar training programs as well as new, interactive sessions – all of which, of course, provide the quality our community has become used to expect.

Currently we can look back on a successful start with more than 3.000 participants. Already on the first day of our congress, our industry partners presented fascinating talks to more than 300 viewers. But there's much more on our agenda until the final day of our congress takes place – and we would like you to join us in these events.

You might be especially interested in “RÖKO DIGITAL HIGHLIGHT” Day on September 19th.

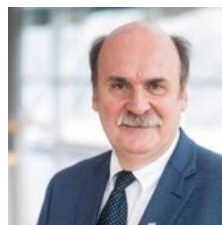

This day is dedicated to our industry partners: We would like to invite you to present your solutions in artificial intelligence and interventional oncology.

The following pages will give you an overview of the day's agenda as well as possible ways for your company to join us in this project.

Yours faithfully,

Prim. Univ.-Prof. Dr. Klaus Hausegger
Congress President ÖRG

Prof. Dr. Günter Layer
Congress President DRG

Information on „Interventional Oncology Solutions“

As a part of RÖKO DIGITAL we invite you to participate in our highlight day on September 19th. On this day, renowned speakers as well as industry partners will talk about “Interventional Oncology Solutions” and “Artificial Intelligence Solutions in Clinical Radiology”. Both topics will be discussed in parallel. Our congress presidents will participate in this special issue of RÖKO DIGITAL.

Talks about “Interventional Oncology Solutions” will take place from 9:30 to 17:30. The day is divided into three separate sessions covering different aspects of interventional oncology. You can book 15-minute-slots to present your solution to our audience by means of a digital live presentation. Please check out our program below!

One of our premium sponsors will organize the 45min lunch symposium.
